Quality Policy

- ✓ **Constantly maintain and raise satisfaction of clients for projects in the field of the road building, carried out by us according to the corresponding legislation, requirements of clients and specifications;**
- ✓ **Constantly improve all processes positively influencing our successes and quality of services we render;**
- ✓ **Regularly organize corresponding training for all personnel connected with realization of projects for building of highways and railways, for the purpose of improvement of their knowledge and skills;**
- ✓ **To assure rendering of services and delivery of materials and raw materials of demanded quality and in demanded term, by strengthening bilateral cooperation with suppliers;**
- ✓ **To familiarize all workers with terms and conditions of the Quality Management System and assure appropriate realization and improvement of application of these conditions in order to prioritize the concept of "quality".**
