## The Azerinsaatservis LLC has conducted a meeting concerning the transition to the system IFS

*Azerinsaatservis LLC  
Baku, Azerbaijan  
2010/08/16*

A meeting of the Azerinsaatservis LLC held on August 16 concerning the transition to the system IFS was attended the leading employees. The representatives of IFS from Turkey: Koray Hodjaoglu, Goksel Sanbay and Cengiz Ozturk have also taken part at the meeting.

The member of the Board and the Internal Auditor Ismat Kale has provided the listeners with detailed information about the system IFS. Ismat Kale, speaking about the reasons of the origination of demands for IFS system, the works, performed in the direction of application of this system, has also informed the listeners that all works related to the transition to the system IFS were already started in the middle of 2007 and the main part of works in direction of preparation of the base for application of the mentioned system was already performed. Then the floor was given to the project manager of IFS on Azerinsaatservis Cengiz Ozturk. Alongside with the stable standards in the IFS system he has also told about the working out of the special system for Azerinsaatservis. And then he has provided the listeners with detailed information regarding the mechanism of action of the IFS system.

After detailed information regarding the demand for the system and works performed in direction of its application, Ismat Kale and Cengiz Ozturk have answered the questions of the listeners. And at the end of the meeting the employees of the Azerinsaatservis LLC exhibiting activity in the works fulfilled for application of the IFS system were handed in special diplomas.

*Having been founded in 2003, Azerinsaatservis LLC. has turned into one of the leading companies in the construction of roads and railways in Azerbaijan and the Caucasus. The Company, which offers high-quality service, renders all kinds of services from A to Z in its primary field of business, namely in the construction of roads and railways, with its own possibilities.*
