Azerinsaatservis LLC. completes the construction of the section between the 6th km and 16th km of Baku-Guba-Russia State Border Motorway in October

Azerinsaatservis LLC

Baku, Azerbaijan

2009/06/13

Azerinsaatservis LLC. will complete the construction works within the scope of the "Project for the Restructuring of the Section Between the 6th and 16th km of Baku-Guba-Russian Federation State Border Motorway" and open the motorway in October.

Within the framework of the "Project for the Restructuring of the Section Between the 6th and 16th km of Baku-Guba-Russian Federation State Border Motorway", Azerinsaatservis LLC. rapidly carries out the construction of the section between the 6th and 16th km of this motorway, which is 208 km long. 77% of the works to be conducted within the framework of this project has been completed. The main section of the road has been completed; road lines have been paved; safety barriers have been installed along the road. In the section up to the 10th km of the road, road markings and informative signs have been installed in accordance with the project.

The main road is 10 km long and in total 14,5 km together with the ancillary roads. Even though the main section of motorway comprises of 6 lanes, the section after the 12th km has 8 lanes. In some sections, the width of the motorway is 30,5 m. In general, within the scope of the project, 2 pedestrian crossings and 1 new bridge is constructed and 3 bridges are reconstructed.

In the course of the project, 630 443 m³ of earth work has been performed. The total capacity of the asphaltting works which have been carried out up to the present and will be carried out from now on is 201 097 tons.

Having been founded in 2003, Azerinsaatservis LLC. has turned into one of the leading companies in the construction of roads and railways in Azerbaijan and the Caucasus. The Company, which offers high-quality service, renders all kinds of services from A to Z in its primary field of business, namely in the construction of roads and railways, with its own possibilities.
